Re the attached suspense item:

C/CI contacted Jim Geer at FBI. Mr. Geer felt there was no reason for CIA to be involved in the matter because it is domestic issue. Mr. Geer was going to relay his feelings to Dept of Energy. Will only be in contact with C/CI if for some reason DOE insists CIA sit in.

Case closed as far as DO concerned.

Bill
Honorable William J. Casey
Director, Central Intelligence Agency
Washington, DC 20505

Dear Mr. Casey:

The Department of Energy (DOE) nuclear weapons programs and personnel have increasingly become the focus of hostile intelligence attempts by foreign intelligence, and this activity has been well documented by the U. S. Intelligence Community.

The problem is of particular concern to me in view of recently publicized espionage cases in other government agencies as well as our own experiences. Although DOE is taking aggressive steps in this area, such as my recent policy memorandum to implement National Security Decision Directive 197, concerning the reporting of hostile contacts, much remains to be done

In this regard, I would appreciate it very much if your principal counterintelligence officials could meet with DOE and ~~CIA~~ *FBI* representatives for a tripartite discussion of roles, responsibilities, and procedures which could be used to assist in this critical area. Edward V. Badolato, Deputy Assistant Secretary for Security Affairs, is the DOE point of contact (telephone (202) 252-6591).

This letter is also being sent to the Director, Federal Bureau of Investigation.

Yours truly,

John S. Herrington
